RECOGNIZING MAJOR LIFE EVENTS

During the course of a year, there are many life events that occur within the cooperative family. In many cases, individuals would prefer to invest in a more lasting tribute to friends and relatives than to invest in flowers or other more temporary items. 2006/07 SCHOLARSHIP WINNERS

The Nebraska Cooperative Council Education Foundation awarded eight scholarships totaling \$6,200 for the 2007/08 academic year to students at the University of Nebraska - Lincoln (UNL) College of Agricultural Sciences & Natural Resources and the Nebraska College of Technical Agriculture (NCTA) at Curtis.

The scholarship program was initiated for the 1993/94 academic year with voluntary contribution funding from cooperatives which are members of the Council. Since the program's inception, 115 scholarships totaling \$85,550 have been awarded.

To be eligible for the scholarships, students must express an interest in or be majoring in agricultural business/economics at UNL; business/management or ag production systems with the business option at NCTA; or a major or minor in agribusiness at Chadron State College. Eligibility is restricted to sons or daughters of a parent or legal guardian who has been an active member, director, or employee for at least the prior three years of a cooperative which has been a member in good standing of the Council for at least five years. Other criteria are used by UNL, NCTA, and Chadron State College in selecting recipients.

"The Nebraska Cooperative Council Education Foundation is honored to assist students to allow them to be able to study agricultural business/economics," according to Deino Sather, Foundation Board Chairman. "The program continues to be an important part of our efforts to help youth understand the cooperative way of doing business and interest them in pursuing careers in the agricultural industry."

"The foundation of every state is the education of its youth."
